

ACTION PLAN 2022-23

Adopted on 10th May 2022

Achievement of aims and objectives are kept under review on an ongoing basis and a formal review will be carried out in Nov 2022

Parishes are the smallest areas of civil administration and provide the statutory tier of local government to parishioners. Parish councils are an essential part of the structure of local democracy and have a vital role in acting on behalf of the communities they represent.

They:

- Provide views on behalf of the parish on planning applications and other proposals that affect the parish
- Work in partnership with other bodies to achieve benefits for the parish
- Alert relevant authorities to problems that arise or work that needs to be undertaken
- Help the other tiers of local government keep in touch with their local communities

Parish councils have a wide range of powers regarding local matters and have the power to raise money through taxation, the precept, which is the parish council's share of the council tax.

The parish council always welcomes ideas and suggestions from parishioners on particular areas of interest and concern and where it is felt that the parish council may assist – please contact the clerk, contact details below.

This action plan will keep residents informed of the council's plans in line with its aims and objectives:
